

Nursery, Reception and Year 1 Home Learning Sites

Keys Meadow Primary School
Wednesday 23rd September
Monday 19th October-repeat

Aims of the session

- Why we are going online with home learning?
- What is Google sites?
- How to access the site for your child's year group
- Support for getting on the sites.

Why are we going online for homework?

- We hope to engage and inspire parents to support their child and extend learning beyond the classroom. Parents play a crucial role in supporting your child's learning, and levels of parental engagement are consistently associated with children's academic outcomes.
- These sites allow for a more extensive offer of home learning tasks and ensure variety to support all types of learners.
- With our new way of working and parents unable to visit classes, speak regularly to teaching teams or see displays in school, the site allows staff to communicate with families and share the learning so families are well informed and up to date.
- In the event of a partial school closure, this is the platform Nursery - Year 1 teachers will use to share planning and resources each week so that children can continue their learning from home.

What is Google Sites?

Google sites is a free web creation tool. We have used this tool to create home learning websites for your children.

- Each site will provide you with the following information:
 - Home learning-weekly and half termly
 - Half termly curriculum overviews which explain the learning children will be doing
 - Links to websites to support you to help your child at home with the key curriculum areas
 - Access to remote learning in the event of future school closures, lockdown or bubble closures.

How to access the sites

ABOUT US KEY INFO LEARN WITH US PARENTS' SECTION JOIN US NEWSLETTER CONTACT 

Positive COVID-19 test

If you receive a positive COVID-19 test result report this to the school using the link below immediately - please let us know your child's name, year group, case number and contact

You can find the link to the your child's year group site on the school website under the parents tab-home learning.

Tour of Sites

Year 1

sites.google.com/keysmeadowprimary.co.uk/year-1-site

Reception

sites.google.com/keysmeadowprimary.co.uk/reception

Nursery

sites.google.com/keysmeadowprimary.co.uk/nurserysite

How will my child show/record their home learning?

- You will be able to take photos of your child's completed home learning projects and use the class email to share these with the teaching team.
- The class emails are only for sharing work your child has completed, they are not for you to email teachers with queries or questions personal to your class. This needs to be done via the school office.

Support with Sites Checklist

We know some of you are experiencing login and error messages when attempting to use the sites so please try the following before contacting us:

- Make sure you are logged in with your child's username and password not your personal account.
- Make sure you type the full user name:
smitha006.308@keysmeadowprimary.co.uk not just **smitha006.308**
- Reload the page-it could be the page has not loaded properly.
- Check the URL-try typing this in again or joining from the school site
- Try accessing it from another device.
- Delete the browser cache and cookies-there may be a problem with your browser so by clearing it and you may be able to access it. Go to your settings or by pressing (Ctrl), (Shift) and (del)

Launch Dates-Now Live

Reception and Year 1

Week commencing 28th September

Nursery

Week commencing 5th October

Questions

The background features a series of overlapping, semi-transparent geometric shapes in shades of yellow and orange, primarily concentrated on the right side of the frame. These shapes create a dynamic, layered effect against the white background.

Thank you
